Like, Lightroom, Photos is also free, however, Photos is limited to easily sharing and viewing photos. An aside: Adobe Creative Cloud is now available to subscribers for everyone. So you can either get it as an annual rental or a monthly plan. Personal plans start at $10 per month, with a $50 annual contract, however, personal licenses are available for Windows or Mac, so you can make your own mind up about whether you want to use the software monthly or annually.
